Camellias Australia Diary Update

As always in our garden the first Camellia blooms of the season are *sinensis* and its derivatives

FEBRUARY REPORT

Looking
forward to
seeing
everyone in the
new year at our
March meeting.
Details below.

Last year we had to wait until March before we had many blooms out due to the dry weather. This year it is nearly back to normal but of course we now have El niño and its almost constant rain. Water logging will be a concern and bases will need to be removed from pots (if they have them) to allow for free drainage which is what camellias prefer.

Just a reminder that Membership Subscriptions were due in November. Please pay by the end of the month to remain financial (see forms below for details).

PRESIDENT'S REPORT, NOVEMBER 2021

Welcome to the start of another year of activities of our Society. I trust you have had a relaxing Festive Season despite the Omicron wave. With the help of La Nina, our gardens are enjoying the above average rainfalls with ongoing frequent rainfall helping lush growth. (If you want to learn more about La Nina, try the BOM explanation at <http://www.bom.gov.au/climate/updates/articles/a020.shtml>.)

Given the uncertainty associated with Omicron, and the difficulty of coordinating a February start, the Committee decided to make the March meeting the first for the year. So please keep 21st March available for our first monthly meeting at the Gordon Baptist Church. The Bloom Tables will be out in anticipation of prolific early bloomers. Benching of blooms from 7pm. Our speaker is yet to be confirmed. A reminder will be sent closer to the date.

Similarly, the Committee is considering an alternative to meeting on Easter Monday for our April meeting. Perhaps Tuesday 19th April, or Monday 25th April, though this is Anzac Day and hence may clash with other commitments of many members, or Tuesday 26th April? We will let you know.

Later in this Newsletter, Daniel presents a wrap up our 2021 year and presentation of awards for a seriously interrupted bloom competition. Hopefully the 2022 Bloom Competition will run to fulfilment. Neutrog orders for our autumn delivery have closed. Hopefully you received an email from Neutrog direct. The delivery date is being coordinated with Neutrog. If you overlooked ordering, but are really keen for more product, then try the Sales department at Neutrog (who send out the emails for orders) and they might be able to include your order. But be quick!

Looking forward to seeing you all at our first meeting,
Bruce Walker,
President
